Modern Method of Weather Refreshing
And Cooling Reducing Heat 10 - 15 Degree Less.

www.sureintl.com

AIRCONDITIONING

Climatcool offers a variety of cooling and heating solutions. We specialize in Central Split air conditions 1 to 40 tons.

DISPENSING

Sure Technologies is a leading complete turnkey solution provider for packaged drinking & beverage industry.

PURIFICATION

Sure is 1 stop shop for water filtration solution, equipments and components for homes and industries.

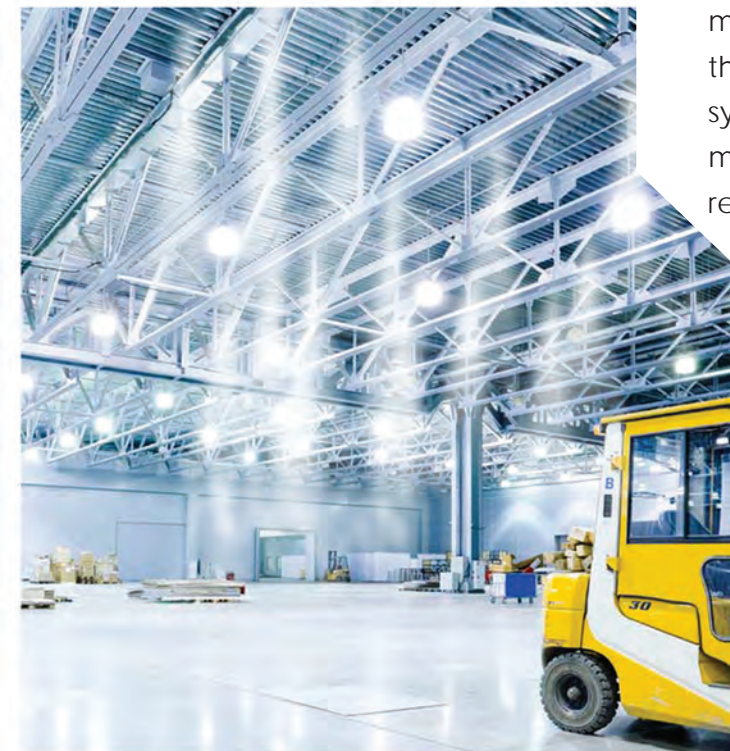

PACKAGING

Sure is NO.1 brand and largest stockiest for Water dispensers in the region.

We are at INDUSTRIES

Some industries have high temperatures in the manufacturing facility leading to high electricity consumption by machines. The human labour also becomes less efficient as they sweat more making themselves lethargic. Misting system is the most economical solution to create perfect manufacturing environment improving productivity and reducing cost.

We are at RESTAURANTS

Hotel, resorts, Restaurants and Caffé can use this misting system as a tool to provide perfect outdoor ambience for their customers. They can enjoy a perfect sunshine with soothing air. It also helps the business to add revenue in peak summers.

About

Rainmist

SURE Technologies FZC, introduces RAINMIST an ultimate solution in misting and cooling systems which are perfectly engineered to blend pure water droplets with hot air creating flash evaporation forming mist and cooling surrounding ambience when the weather is intolerable in the peak of summers where the temperature is highest and humidity lowest.

The Sure team has an experience of 18 years in air-conditioning, water conditioning and now weather conditioning. We possesses the ability to provide complete customized misting solution using the best technical know-how, using the world's best components, shortest execution time and also provides long term Annual Maintenance contracts.

Our misting systems are hassle-free, cost - effective, and are made for longevity.

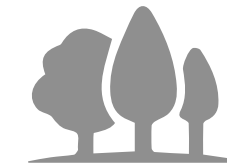

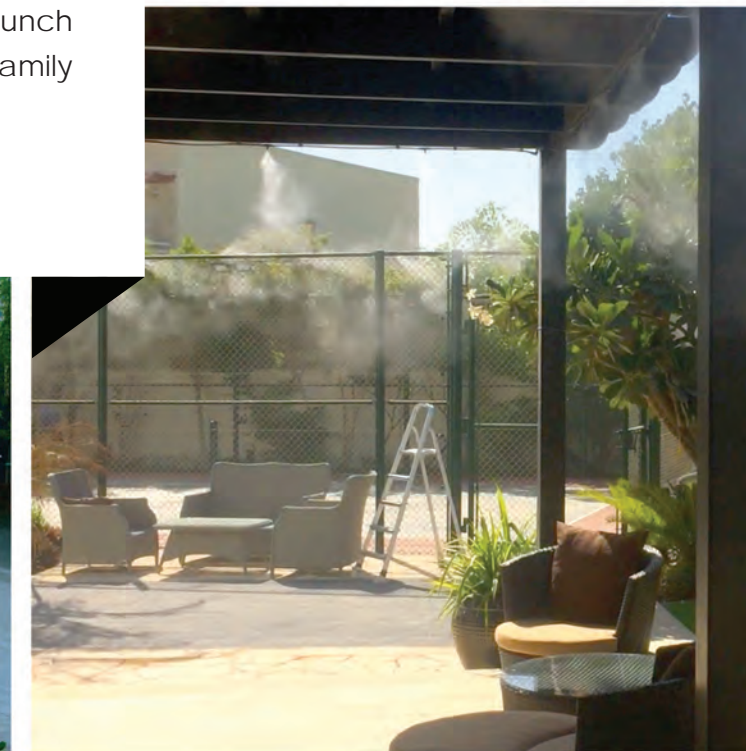

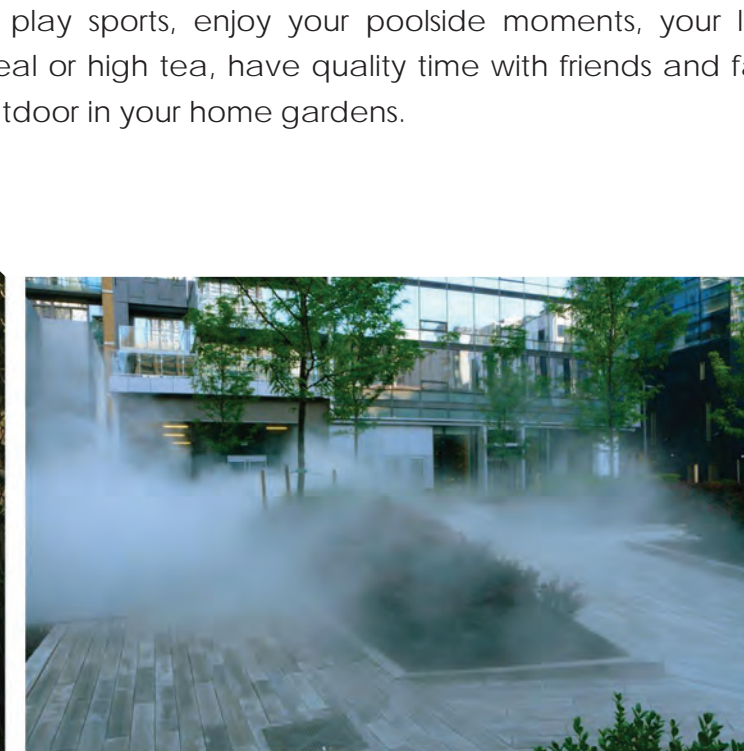

APPLICATION:

- 👍 Poultry farms, Animal farms, Dairy farms, Recreational farms
- 👍 Schools, Sports complex, Public parks, Greenhouse
- 👍 Hotels, Resorts , Restaurants, Caffé, Hotels
- 👍 Manufacturing industries, Cooling towers; On-shore Oil rigs

We are at ANIMAL FARMS

Our animals need perfect temperature to live and be productive. The peak heat can be stressful for animals leaving them feel sick. Poultry farms; Horse stable farms; Zoo, Dairy Farm of Cows, buffalo and camels etc all need a cool environment like we humans need air-conditions to live healthy and happier life.

We are at OUTDOOR LIVING

Who says Summers are meant to be indoors, The advance misting technologies creates a perfect environment for you to play sports, enjoy your poolside moments, your lunch meal or high tea, have quality time with friends and family outdoor in your home gardens.
